**Floor Announcements**

Pages 4 and 5 list available floor announcements for American Female, American Male, and Australian Female. Standard floor announcements, Formats 1 and 2, are available in all voices; Format 3 is available only in Australian Female. Optional and Specialized floor announcement availability varies according to the voice selected. For Standard announcements (Format 1, Format 2, Format 3), just check the appropriate box in the table. For other announcements, fill in the Announcement block. (Conditional announcements (directional, alternative service, etc. are selected in a separate table.) The Landing #s in this table can be edited so, if you have more than 50 floors, make a copy of this file and use it for additional floor announcements. Custom announcements are available at extra charge.

## Conditional Announcements

Conditional Announcements are used to announce things like travel direction, door conditions, load conditions, or special operating conditions. Select any Conditional Announcements you want to use in the table below. Select Not Used if you do not use a particular announcement. Custom selections and special messages will be at additional charge.

Condition	Announcement (Defaults are underlined)
Up Direction	<input type="checkbox"/> <u>Going Up</u> <input type="checkbox"/> This elevator going up (American Female only) <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
Down Direction	<input type="checkbox"/> <u>Going Down</u> <input type="checkbox"/> This elevator going down (American Female only) <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
Nudging	<input type="checkbox"/> <u>Please allow the door to close</u> <input type="checkbox"/> Please stand back. The doors are closing. (American Female only) <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
Fire Service	Stage 1: <u>Emergency. Please allow the door to close.</u> (Announced when fire service is initiated and the doors are open.) Stage 2: <u>This elevator is needed because of an emergency.</u> (Announced after the doors are closed on fire service. If the doors are already closed when fire service is initiated, this will be announced immediately.) Stage 3: <u>Please exit immediately.</u> (Announced when the doors begin to open after the elevator has been returned to the main or alternate return landing on fire service.) <input type="checkbox"/> Not used
Hospital Service	<input type="checkbox"/> <u>This elevator is needed because of a medical emergency.</u> <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
Emergency Power	<input type="checkbox"/> <u>This elevator is on emergency power and is returning to the lobby.</u> <input type="checkbox"/> There has been a temporary loss of power. This elevator will return to the lobby momentarily. (American Female only) <input type="checkbox"/> This elevator returning to a lower floor automatically. Upon its arrival, please exit promptly. (American Female only) <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
Security	<input type="checkbox"/> <u>You have selected a secured floor.</u> (American Female only) <input type="checkbox"/> Enter your security code. (American Female only) <input type="checkbox"/> This is a restricted area. (American Female only) <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
Stop Switch	<input type="checkbox"/> <u>The emergency stop switch has been activated.</u> <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
Heavy Load	<input type="checkbox"/> <u>This elevator is full. Please wait for the next elevator.</u> <input type="checkbox"/> Other: _____ <input type="checkbox"/> Not used
<input type="checkbox"/> Special #1	Text: _____ Activation point:
<input type="checkbox"/> Special #2	Text: _____ Activation point:
